7079372324

## PROFESSIONAL SUMMARY

"Enthusiastic and results-driven developer with strong command of object-oriented programming languages including C++, Python, and C. Skilled in data structures, algorithms, and problem-solving, with top ratings on HackerRank. Passionate about continuous learning and staying up-to-date with the latest technologies."

## PROJECT

### API based Food Recipe App

Technologies: HTML, CSS, JavaScript, API Integration

- Built a responsive web app that fetches recipes from an external API using JavaScript.
- Implemented search functionality to dynamically display recipe results based on user input.
- Used HTML and CSS to design a clean and user-friendly interface with recipe cards.
